

## C. P. R. TO ENTER EDMONTON

At an Early Date Visit of the Canadian Pacific Railway Officials Said to Have This End in View. C. P. R. Said to be Seeking Running Rights Over The E. Y. & P. To Edmonton.

F. W. Peters, Winnipeg, Traffic Manager, and W. C. Bowles, Calgary, of the Canadian Pacific railway freight department, were in the city Saturday. Their visit is said to have been in connection with the possible early entrance to the city of the Canadian Pacific railway. The C. P. R. are now said to be very anxious to obtain an early foothold in Edmonton and as it is well known that the Canadian Northern railway is anxious to lay steel from Edmonton eastward in the spring, the C. P. R. are ready to make radical concessions in return for similar concessions. It is understood that the C. P. R. ask running rights only over the Edmonton, Yukon and Pacific railway to a possible union C. P. R. and C. N. R. station in Edmonton. In return for this the

C. P. R. are willing to meet the C. N. R. in the matter of low freight rates over the C. P. R. to Edmonton on C. N. R. railway construction material. If an agreement regarding running rights over the E. Y. & P. is not arrived at with the C. N. R., the C. P. R. will have to look about for some other means of entry to the city for it is stated that they have fully determined to effect an early entrance. They regard the project of a high level bridge as too expensive at the present time, although looking forward to its construction in the future.

This morning W. J. Pace, of the E. Y. & P. railway left for Calgary, accompanied by J. B. Mercer, with Messrs. Peters and Bowles to discuss mutual arrangements looking to a settlement of the question in hand.

## HOCKEY MATTERS

A meeting of the executive committee of the Edmonton Senior Hockey Club was held on Saturday evening.

The meeting was called to consider the advisability of the Edmonton Hockey Club taking over the management of the rink for the coming winter. The matter was very fully discussed, and the probable receipts and expenditures carefully considered. Mr. Secord stated that he would hand the rink over to the club to manage, they to keep thirty-five per cent and he to receive sixty-five per cent of all receipts. Under this arrangement the hockey club to pay all running expenses. A committee was finally appointed to interview Mr. Secord to-day and make final arrangements. The committee are strongly in favor of the hockey club having charge of the rink.

A communication was received from A. Davies, secretary of the Strathcona Hockey Club, asking that two home and two exhibition games be played between the old rivals early in December. The Secretary was requested to inform Mr. Davies that the Edmonton hockey club were in favor of such an arrangement, but that nothing definite could be arranged until an agreement had been arrived with the Edmonton rink management.

He was taken to Edmonton but died shortly after reaching here. The three accused were in the blacksmith shop when the shot was fired.

## Prussian Army Budget

Berlin, November 25.—The Prussian army budget for the coming year is estimated at \$116,000,000, an increase of \$11,250,000. The Saxon army budget is placed at \$11,000,000; an increase of \$425,000, and that of Wurtemberg at \$5,500,000, an increase of \$125,000. Of these additions of about one tenth to the military expenses, \$3,250,000 is for the creation of reserve field batteries being one ninth of the \$29,250,000 necessary for the purpose. The naval budget besides for two battleships purchased, is for one armored cruiser, two small cruisers and two gunboats. The appropriations total \$59,000,000 of which \$17,517,000 is for shipbuilding.

## LEHMAN INQUEST

Some misunderstanding appears to have arisen with regard to the finding of the Coroner's Jury in the case of Spruce-Lehman. To correct any misapprehension it may be said that the jury found that they were unable to discover how the strychnine became mixed with the santonin, from which the powders were dispensed. There was no suggestion of blame on the part of either the parents or the attending physician, or any attached to the druggist who mixed the powders.

**LANDS FORFEITED FOR TAXES**

Under the provisions of the Local Improvement and School Assessment Ordinances, the following lands were forfeited on Tuesday, November 15 by the Hon. Chief Justice Sifton for non-payment of taxes. These lands may be redeemed by the owners within one year from November 15 on payment of the taxes and \$14 additional on each quarter section for costs and redemption fee. If the lands are not redeemed within the year the title will then be vested in the Crown and the lands will become the property of the Territorial Government. No further notice will be sent to the owners of these lands, and the properties will become Territorial lands without notice. Communications regarding the redemption of these lands should be addressed to the Deputy Commissioner of Public Works, Regina. Every courtesy is shown by the officials of that department to all owners of lands which have become forfeited and who desire to redeem their property. Since the court on Tuesday, Messrs. Chivers-Wilson and J. K. McDonald have been busy with legal firms and companies, straightening out arrears of taxes in order that the extra costs above mentioned might not be imposed, and the following list of lands are all that are left for redemption of those dealt with at the first.

## CONFERENCE CALLED

### TERRITORIAL DELEGATION

Asked to Visit Sir Wilfrid in Ottawa  
Early in January to Discuss Provincial Autonomy

Bulletin Special Dispatch.

Ottawa, November 28.—The Dominion Government has notified Premier Haultain, of the North-West Territorial Government that the Ottawa authorities are prepared to receive a delegation here during the first week in January to discuss the granting of Provincial autonomy to the Territories. Sir Wilfrid Laurier, and H. Clifford Sifton are making the necessary arrangements for a conference, and will be on the committee of the cabinet that will receive the Western delegates.

On the eve of dissolution Sir Wilfrid wrote Premier Haultain stating that should his Government be sustained, it would be prepared immediately after the election to enter upon negotiations for the purpose of arriving at a settlement of the various questions involved in the granting of autonomy to the Territories, with a view to dealing with the question at the next session of parliament. This promise is now being carried out.

### CHURCH OPENING

## The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres sub-tenanted.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1880.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

### JAMES A. SMART,

Deputy Minister of the Interior.  
N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

## CHOOSING A CANDIDATE

The Editor Bulletin:

Now that it has been decided to hold a regular representative Convention for the selection of a candidate to represent us in the Territorial Assembly, we ought to put on our thinking caps and carefully consider who would make the best man for the position.

It goes without saying that he should be a man with brains, with wide experience of men and things, with practical knowledge of public works, with breadth of view, with a mind of his own and with ability to express his views in plain English.

An orator is not a necessity, nor a man with "a barrel"; but a man with absolute self control, with ripe experience and well-balanced judgment.

Let the office seek the man.

#### RESPONSIBLE GOV'T FOR THE RUSSIANS

St. Petersburg, November 26.—The unexpected may happen after all. The meeting of the Seemstov's first Russian Congress, as it is now, may indeed work the inauguration of a new era for Russia. Emperor Nicholas the initiator of the plan for universal disarmament may turn back upon the reactionaries and crown his reign by granting to his subjects the constitution which his grandfather had already prepared when he fell by the hand of an assassin. The basis of such a possibility is the significant fact that late this afternoon, the Emperor received in the private council at Tarshoke Seloe, Shipoff, of Moscow; M. Partunkervitch, of Tever; M. Rodzhanko, of Ekaterinoslav; and Count Heiden, four prominent members of the Seemstov's congress and listened at length to their views.

It devolves that the Minister of the Interior, Vyatopolk Mirsky, presented the Seemstov memorial and resolutions to the Czar on November 24th. The Emperor was so deeply impressed as well by the contents of the documents as by the character of the signers that he immediately exposed the desire to personally receive a deputation of four Seemstovists. They therefore went to the Tarshoke Seloe by Imperial command. At their audience it is known they explained fully their position, and retracted the views expressed by the memorial that the salvation of the Empire from ruin by revolution lay in the adoption of the general principles expressed in the

memorial. The Emperor was greatly impressed by what he heard and asked many questions. While it is unknown that he gave any indication of his purposes except sympathy, the deputation when it returned to St. Petersburg, was in high spirits. Naturally, all declined to say anything for publication regarding the visit.

London, November 25.—Japan in a friendly spirit has drawn the attention of Great Britain to the fact that a supply of coal had been furnished by British vessels to the Russian fleet.

#### Rush of Immigration

New York, November 25.—So great has been the rush of immigration to this port within the past few days that the immigration station at Ellis Island was crowded to-day and several thousand steerage passengers were forced to remain on board the steamers.

#### Affairs in Turkey

Boston, Mass., November 25.—The American consul at Harpoot, Eastern Turkey, Dr. Thos. H. Norton, has been making an extended tour of Sassundist, near Moush. He has forwarded a lengthy report to the American Board of Commissioners for foreign missions in which he says, "The survivors of the recent massacre number 10,000. They saved little but their lives, nearly everything in the houses was completely plundered and burned. Most of all, their flocks and herds, practically their only source of food and raiment as well as income were completely swept away. The unfortunate people subsist on an allowance from the Government of one cent per capita per diem and now are without food. As winter approaches the diseases usually following upon fright, exposure, exhaustion and insufficient food are rapidly becoming

epidemic and especially among the children. Unless aid is rendered promptly few may be left to face it.

#### Weekly Clearings

New York, November 26.—The following are some of the weekly clearings as compiled by Bradstreet for the week ending November 24, with percentages of increase and decrease as compared with the corresponding week last year:—Montreal, \$29,432,304, increase 40.6.

Toronto, \$24,245,551, increase 70.4. Winnipeg, \$9,665,265, increase 38. Ottawa, \$2,814,437, increase 24.5. Halifax, \$1,914,863, increase 8.6. Quebec, \$1,846,793, increase 19.3. Vancouver, B. C., \$1,121,600, increase 27.9. Hamilton, \$1,361,203, increase 22.5. London, \$1,068,821, increase 44.3. St. John, \$185,157, increase 23.6. Victoria, \$470,966, decrease 16.3.

## Washing Proves

There's only one real test of unshrinkable underwear—the wash tub. Two or three hard rubbings will soon shorten the usual so-called "unshrinkable" underwear. That's why the directions for washing are so elaborate—why there are so many "is" and "don't's."

## Stanfield's Unshrinkable Underwear

is absolutely unshrinkable. The wash tub proves it. Your dealer guarantees this to you—and we back up that guarantee to him. We know it won't shrink because it can't shrink. Our special process takes out the shrink before the garments are cut. Even then, each one is tested by washing.
